How to put on your socks in the morning

```
1.   while you are not wearing two socks
2.       open sock drawer
3.       look for sock
4.       if you find a sock then
5.           put on sock
6.           look for matching sock
7.           if you find a matching sock then
8.               put on matching sock
9.               close sock drawer
10.          else
11.              remove first sock from foot
12.          end if
13.      else
14.          do laundry and replenish sock drawer
15.      end if
16. end while
```
